

The Ben Lomond Agreement

The Ben Lomond Agreement is ideal for smaller businesses.

For **£7.50 per month** you will receive:

- ❖ An initial consultation identifying the needs of your workforce
- ❖ A quarterly newsletter aimed at employers and senior managers
- ❖ Access to our face to face wellbeing services delivered in our offices in Edinburgh city centre.
- ❖ Biannual report giving an overview of service usage
- ❖ **resolve** cards for your staff to enable them to access the service confidentially, without referral from you, freeing up your time to manage your business (10 cards are included; additional cards are available at a small cost)
- ❖ Posters to promote the service within your business (5)
- ❖ Annual review

As part of your initial consultation we will agree a financial ceiling with you. We can advise you on this based on your absence rates and the nature of your business.

When an employee approaches us, we will undertake an in-depth assessment to identify the appropriate therapy for them. Appointments with employees cost £75 and are usually offered in blocks of 6. If your financial ceiling is reached during the year, we will notify you to discuss if you would like this to be extended.

You are in control - through **resolve**, you are providing a quality, validated support for your staff, within the budget you have set.
